

Small Business Document Destruction Package

Advanced Shred! offers a turn-key shredding & recycling program designed for small businesses

What You Receive:

- A lockable collection container or console (three styles available) to securely hold your confidential information throughout the month.

What We Do:

- Once a month, *Advanced Shred!* staff will service your secure collection container, transport the contents to our Plant where your confidential documents are pulverized; a process of grinding, cutting & crushing. This process is extremely secure and the remaining paper particles are recycled. Certificates of Destruction & Recycling are included.

Benefits:

- Save time & effort normally spent on feeding an office shredder.
- No more paper jams, broken shredders or messes.
- No need to remove staples or paper clips.
- Paper and other eligible materials recycled.
- Record of Service helps prove your regulatory compliance.
